

Hints for getting the most out of our sheetcakes...

As well as being extremely cost effective, all Original Cakerie desserts are very versatile. They can be cut into squares, rectangles, wedges or special occasion cakes (i.e. wedding cakes) for distinctive presentations suitable for use anywhere - from self serve to white tablecloth restaurants. For best results, cut cake frozen directly from the freezer. For optimum freshness and quality, return frozen cake to freezer and thaw portions as required.

- ★ *Cut product frozen*
- ★ *Prior to cutting, run knife under hot water*
- ★ *Refer to cutting instructions for innovative product merchandising ideas*
